

## **Michael Schuller**

### **APT Vice President Michael Schuller**

Michael Schuller, P.E., is president of Atkinson-Noland & Associates in Boulder, Colorado, a consulting engineering firm specializing in evaluation and repair of masonry materials and structures. He has over 20 years' preservation experience including special expertise with nondestructive evaluation and repair procedures applied to historic masonry. Michael started his career conducting research for the National Science Foundation, the Nuclear Regulatory Commission, and the U.S. Army Corps of Engineers, and has over 80 publications relating to evaluation, repair, and structural behavior of concrete and masonry structures. Michael is a Fellow of The Masonry Society, serves on the Board of Directors of The Rocky Mountain Masonry Institute, and taught Masonry Structural Design at the University of Colorado in Boulder from 1999 to 2008.

Specialty Areas:        Nondestructive evaluation  
                              Structural engineering  
                              Masonry materials and structures  
                              Repair and strengthening

APT Role:                Michael was elected as one of two Vice Presidents in 2009, and is co-chair of the Training and Education Committee, liaison to the National Center for Preservation Technology and Training, and a member of the Rocky Mountain Chapter. In 2009 he was elected to APT's College of Fellows.
