Job Title: Junior Architect/Draftsperson

Li/Saltzman Architects, an award winning preservation architecture firm, seeks a full time junior architect/draftsperson with a minimum of 2 years experience.

Responsibilities include:

- Participate in field assignments, including assisting with existing building field measurements and conditions documentation.
- Perform non-routine and complex drafting assignments requiring application of standardized drawing techniques.
- Assist in coordination of drawing information from outside design professionals (such as structural and MEP).
- Participate in the ongoing development of working drawing standards.
- Work with the project manager and project architect to help develop project design sketches and presentation drawings.
- Proficiency in the latest versions of AutoCAD, Sketch-up, Adobe Photoshop, Adobe Illustrator and Microsoft Word.

If Interested, please send cover letter, CV, and work sample to info@lisaltzman.com
No phone calls please.
