

## Architecture Graduate/Preservationist Position

Argus Architecture & Preservation, an award-winning small architectural firm in Troy, NY, with emphasis in historic preservation projects, planning, and consulting is seeking an Intern Architect/Preservationist. The vast majority of the firm's projects involve National Historic Landmark or National Register properties. A wide variety of work, as well as mentoring by a Principal, offers an excellent growth opportunity for a talented young professional.

### Required qualifications:

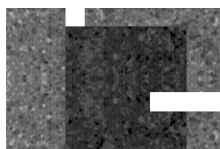

- Professional degree: B. Arch or M. Arch, or undergraduate degree in Architecture plus Master's in Historic Preservation
- Proficiency in AutoCAD
- English fluency, both verbally and in writing and grammar

### Desireable qualifications and qualities:

- Self-disciplined and organized work habits
- Enthusiasm
- Basic knowledge of American architectural history
- Proficiency with InDesign
- Previous architectural work experience

Qualified candidates please submit a resume, a letter of reference from an employer or faculty member, a sample architectural drawing or a single design project, and a sample of writing (2-10 pages) on an architectural, architectural history or preservation subject. All materials should be combined in a single PDF document. Send to principal Janet Null at: [jn@argusarch.com](mailto:jn@argusarch.com)  
Salary: Commensurate with capabilities
