

Preservation Designer

The award-winning firm Historic Building Architects, LLC (Trenton, NJ) is seeking to employ a recent graduate holding a professional degree in Architecture with a focus on Historic Preservation, ideally also with a Master's Degree in Historic Preservation. For a preservation designer pursuing professional architectural licensure, HBA offers an exciting opportunity to work full time with a team of talented and highly experienced preservation architects. As a small firm, HBA provides opportunities to meet AXP requirements by working on projects from Investigation/Schematic Design through Construction Administration. Minimum requirements: capability in AutoCAD, Sketch-up, In-Design, Illustrator, and Photoshop. Material Conservation skills would be a plus. This position is for someone directly out of school or with up to 2 years of experience in an architectural practice.

How To Apply

Please submit your resume and work samples demonstrating relevant job experience, self-motivation, excellent graphic skills, and strong communication skills. Email info@hba-llc.com with the position title as the subject, and include two reference contacts; attach your resume, and work samples from your portfolio. Please do not call, we will respond to you. We encourage you to visit our website at www.hba-llc.com.
