

Project Architect with Preservation Expertise

Employer Name: Wolf Architects, Inc.
Employment Category: Senior Architect/Project Manager
Type of Employment: Full Time
Experience Level: 7-15 years

A small, award-winning architectural practice, Wolf Architects has an immediate opening for a talented senior architect well versed in historic preservation. Our work involves both old and new buildings, for museums and educational organizations and for residential clients. Past projects include historic structures ranging from the 18th century to the mid-20th century, among them buildings by such architects as Gridley J.F. Bryant, Peabody & Stearns, Ralph Adams Cram, and Huygens & Tappe. Established 25 years ago by principal Gary Wolf, FAIA, WA offers a good benefits package and is conveniently located in Boston's Bulfinch Triangle, near T, bus and commuter rail lines.

Preferred Qualifications:

B. Arch. or M. Arch., along with a degree or training in historic preservation

Expertise in all phases of architecture services

Fluent in the principles and issues of preservation practice

Ability to communicate effectively with team members, clients and contractors

Revit and AutoCAD capability

Experience with not-for-profit clients; museum project background a plus

Registration desirable

Please email a qualifications package including 1) a cover letter, 2) a resume, and 3) several examples of your work, in PDF format not to exceed 5 MB, to info@wolfarchitects.com.
