

Sponsorship Information

3rd Annual Preservation Engineering Student Design Build Competition

The 3rd edition of the growing APT - PETC Design Build Competition will conclude with finals in Beautiful Buffalo, New York, at the 2018 APT Annual Conference. This year's conference is celebrating the 50th anniversary of APT, the PETC Design Build Competition is a sign of the bright future the organization has in outreach to students and improving the Preservation Industry.

An estimated 30 students, representing the 5 finalists teams, will be invited competition finals. The Preservation Engineering Committee is seeking to raise \$15,000.00 to cover conference attendance costs, workshop, meals & accommodation for the students, as well as costs to run the competition. Sponsors will be given visibility (depending on level) on the competition Posters, on shirts the teams will be wearing, and acknowledgement at competition events.

Granite Sponsors (\$3,000 +)
