

**Mid-level Preservation Architect:**

Murphy Burnham & Buttrick is a design focused architecture firm based in New York City seeking to hire a mid-level preservation architect to work on the restoration of a major historic landmark in New York City. Candidates should have strong knowledge of building materials and their deterioration patterns, conservation techniques, construction technology, experience with construction administration, and be able to work in AutoCAD. Candidates should have five to ten years of work experience. Please email letters of interest to [jmurphy@mbbarch.com](mailto:jmurphy@mbbarch.com).
