

ARCHITECT / PROJECT MANAGER

ARCHITEXAS – Architecture, Planning and Historic Preservation, Inc. is a mid-size architectural firm with offices in Dallas and Austin that provides architecture, planning and urban design services, and is recognized nationally for award-winning preservation projects.

ARCHITEXAS Austin is seeking a full-time Architect / Project Manager, beginning immediately, with the following qualifications:

- Professional degree in architecture; advanced degree and strong interest in historic preservation is a plus.
- 5 – 7 years of experience working in an architectural firm.
- Proficiency using Revit and AutoCAD 2015 or higher for drawing and drafting is required.
- Competence in Sketch-up, Adobe Creative Suite (Photoshop, Illustrator, InDesign, etc), MS Office and MS Project is a plus.
- Experience in field measuring and converting measured drawings into CAD drawings is a plus.
- Ability to produce and manage small to medium size architectural projects.
- Conscientious, detail oriented, desire to take on responsibility.
- Excellent writing/communication skills.
- Must be willing to attend site visits. Some travel out of town will occasionally be required.
- Available for full time employment.

Benefits include paid vacation, paid sick leave, paid holidays, medical, dental, life insurance, 401K.

Please include a letter of interest, resume and sample projects from portfolio on paper, CD or web links.

Salary will be commensurate with experience and qualifications.
