

## Historic Preservation Architectural Intern

### Description

Hennebery Eddy Architects seeks a highly skilled historical intern, having completed coursework in both architecture and historic preservation, to work with our Historic Resources Group (HRG). Responsibilities will include supporting HRG staff with historical research, technical writing, performing hands-on condition assessments, and developing recommendations and rehabilitation designs meeting the Secretary of the Interior's Standards. There may also be opportunity for travel to project sites throughout the west for field work. Interns are an integral part of our Historic Resources Group and will also participate in and contribute to the firm's broader architectural practice and collaborative culture.

### Responsibilities

- Assist with development of design and technical aspects of historic projects through construction documents and construction, including regulatory reviews.
- Assist with historical research, hands-on condition assessment, and material analysis.
- Assist with technical writing which may include preparation of National Register nominations, Determinations of Eligibility, condition assessment reports, Historic Structure Reports, Building Preservation Plans, and historic specifications.
- Contribute to office culture, initiatives, and learning programs.

### Qualifications

- Studies in Historic Preservation or closely related field.
- Evidence of strong writing, design, organizational, and technical skills.
- Graphic presentation skills.
- Proficiency in the use of 2D/3D software such as Revit, Photoshop, InDesign, Illustrator, or Bluebeam.
- Excellent time management, collaboration, and communication skills.
- LEED accreditation encouraged.
- A minimum of two references.

### Internship Program Elements

- Project experience
- Construction site visits
- Research project
- Lunch with an architect series
- Designated mentor
- Downtown Portland walking tour
- Participation in company events
- Assistance logging AXP hours
- Potential travel stipend

### **About Hennebery Eddy**

Since 1992, we have made a significant impact on our region's built environment. The firm's projects fall in four primary market sectors: academic, civic + cultural, commercial, and aviation + transit. Our work includes comprehensive architectural services, interior design, planning, sustainable design, and historic preservation characterized by well-crafted, thoughtfully detailed designs that respect their sites and strengthen their context. Hennebery Eddy serves clients throughout the West through our headquarters in Portland, Oregon, and our studio in Bozeman, Montana.

We aspire to design net-positive solutions through healthy, efficient, and adaptive spaces that are responsive to our clients, the environment, and the people who use them. The result is a net-positive outcome for the greater community. As a JUST™ Organization, we are passionate about making a positive contribution to our greater environment and the human situation through designing places where people gather, work, live, and recreate. Our design approach is grounded in our core values, and uses a collaborative process with principals, associates and interns working together in an open studio.

This approach has resulted in more than 60 design awards, including local awards for historic preservation. Hennebery Eddy is a recipient of the AIA Northwest & Pacific Region Firm Award and is one of the country's top 50 architecture firms named by Architect magazine. Please visit [www.henneberyeddy.com](http://www.henneberyeddy.com) for additional firm information.

### **Historic Resources Group**

Our Historic Resources Group includes individuals that exceed the Secretary of the Interior's Professional Qualification Standards for historical architects and architectural historians. We specialize in evaluation and assessment, architectural design, tax incentives, and preservation and long-term stewardship planning for historic resources. We employ the latest tools and evolving technologies to fully assess and understand our historic projects. We are also committed to integrating sustainability with preservation best practices for our projects that protect, restore, adapt, and maintain historic and cultural resources.

### **To Apply**
