

JOB OPPORTUNITY

Jablonski Building Conservation, Inc., a small, award winning architectural conservation firm, is looking for a staff-level architectural conservator. The successful applicant must be a self-starter and a team player with a positive attitude. Responsibilities will include working with members of the firm to provide architectural conservation services for the conservation, preservation, stabilization, renovation, and restoration of historic structures and other elements of the built environment. Projects will include outdoor surveys, laboratory and on-site testing, implementation of conservation treatments, construction supervision, and report writing. Some travel is necessary. Any foreign applicants must have permits for working in the US.

Job Requirements:

- A graduate degree in historic preservation, architectural history, history, and/or planning
- Ability to work with your hands a must
- Attention to detail, and excellent communication and organizational skills
- Ability to work in a diverse team setting
- Computer competency in Word, Excel and the Internet for communications
- Ability to conduct scholarly research
- Experience with Bluebeam, AutoCAD, and Adobe InDesign a plus, but not required

Pay: \$50,000 to \$65,000 based on experience.

Excellent benefits including health insurance and 401K.

Send cover letter, resume, brief writing sample (no more than 2 pages) and two to three references to Mary Jablonski at mjablonski@jbconservation.com.
