

BRUSH Architects is hiring emerging professional (1+ years experience) and Project Manager (+5 years experience)

BRUSH Architects has been awarded the DoCoMoMo US award 'Excellence in Restoration' for our work on the Chicago Federal Center United States Post Office (Mies 1974). As a result of this and other achievements, we are hiring! please apply with degree and experience in architecture, engineering, and/or conservation. We are an architecture firm specializing in restoration and existing building enclosures with a growing historic interior and new design component. Everyone in the office draws, so literacy in acad, vectorworks, and other programs is necessary or willing to learn. Everyone goes onto project sites. Openings for new grads through project management. Applicants must be located in Chicago. We are still virtual, but our buildings are mostly in the Chicago and greater Illinois region and we meet in person regularly.

Please contact info@brusharchitects.com, see www.brusharchitects.com, and our facebook page for brush architects. Only applicants can contact us, we will not work with headhunters or search engines. Salary and benefits commensurate with position and experience.
