Ph: (312) 977-0333

Fax: (312) 977-0334

Job Title: Preservation Architect or Intern Architect

Company Name: Harboe Architects, PC

Web Site: <https://www.harboearch.com/>

Company Profile: Harboe Architects is a small award-winning architecture firm specializing in the preservation of historic structures. We are located in downtown Chicago in the historic Marquette Building. Past projects include: Louis Sullivan's Carson Pirie Scott & Co. Store (Chicago, IL), Frank Lloyd Wright's Unity Temple (Oak Park, IL), Holabird and Root's Lafayette Building (Washington, DC), and Mies van der Rohe's 860-880 LSD (Chicago, IL).

Description: Preservation Architect or experienced Intern architect to assist with full range of project tasks including, historic research, on-site surveys and documentation, preparation of construction documents, writing of historic structure reports and national register nominations. We are looking for someone who is self motivated, hard working, eager to learn, and shares our passion for historic structures.

Requirements: Professional degree in architecture and training or experience in historic preservation with a minimum three to five years of professional experience. Must be proficient in Revit, AutoCAD and other basic office software. Strong communication and writing skills a plus.

Salary: Commensurate with experience
