

## 2021 Full Time Intern Preservation Architect Position

Join Historic Building Architects LLC, a Trenton, NJ based award-winning firm as an intern architect pursuing their professional license. You will learn about historic preservation architecture as you strengthen your skills in AutoCAD, Sketch-up, In-Design, Illustrator and Photoshop. As a small firm you will have opportunities to experience working on projects from Schematic Design through to participating in Construction Administration meeting your IDP requirements. We are looking for a recently (within the past 3 years) graduate student, who has completed a professional degree in architecture, preferably with a focus on historic preservation or a Master's Degree in Historic Preservation. Material Conservation skills are a plus. Please email Callie Hancock at [ch@hba-llc.com](mailto:ch@hba-llc.com) and attach your resume, two references and work samples from your portfolio. We encourage you to visit our website at [hba-llc.com](http://hba-llc.com).
